

755 Wavelength Long Pulse Nd-Yag 1064nm Alexandrite Laser Depilation for Commercial

Our Product Introduction

for more products please visit us on wfkmdz.com

Basic Information

- Place of Origin: Shandong, China
- Brand Name: KM
- Price: \$8,999.00/sets 1-2 sets
- Packaging Details: professional Aluminium box

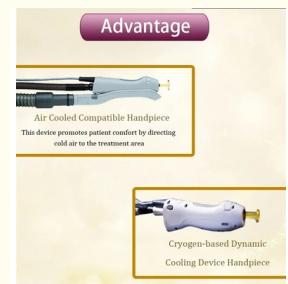

Product Specification

- Q-Switch: NO
- Style: Stationary
- Type: STANDING
- Feature: Blood Vessels Removal, Hair Removal
- Application: For Commercial
- After-sales Service Provided: Free Spare Parts, Video Technical Support
- Warranty: 2 Years
- Wavelength: 755nm+1064nm
- Product Name: Alexandrite Laser Hair Removal
- Keyword: Laser 755 Alex Alexandrite Hair Removal Machine
- Technology: Solid State Laser Hair Removal Machine
- Energy Density: 100
- Name: Diode Laser Hair Removal Machine
- Highlight: 755 Wavelength Long Pulse Depilation

Product Description

Products Description

Alexandrite laser is a single consolidated system that delivers a range of treatments - all skin type hair removal, as well as pigmented and vascular lesions. It is a dual wavelength laser platform that combines the fastest and most powerful 755nm Alexandrite laser with the 1064 nm Nd:YAG laser for high performance treatment capabilities in terms of speed, efficacy, ease-of-use, outstanding performance, safety and patient satisfaction.

The principle of laser therapy in dermatology is to destroy target cells without damaging the surrounding tissues. A

particular tissue strongly absorbs a certain wavelength of light that is intrinsic to a particular laser system. When the targeted tissue absorbs the wavelength, the cell then heats up and dies.

Alexandrite Laser

755nm+1064nm

A machine with six treatment characteristics

- Hair removal
- Hemangioma Removal
- Blood Vein Removal
- Vascular Removal
- Skin Rejuvenation
- Cure Ringworm of The Nails

-Hair removal on all skin and hair types

-Spider veins

-Telangiectasia and telangiectatic matting on the face and legs

-Nail fungus treatment

-Removal of epidermal pigmented lesions (Sun-damaged skin, Age spots, Freckles)

-Treatment of vascular anomalies

Large areas of the body tend to recover faster

1: Suitable for any color of hair

2: Suitable for all of skin type (I, II,III, IV, V, VI.)

3: Alexandrite laser hair removal—Safe .Fast , high efficiency

4: International Hair Removal Standard.

5: Permanent hair removal

6:Treat red and blue vessel no matter larger deeper or small superlcial

7: Skin rejuvenation(port wine strains, skin capillaries and etc)

8: Removal pigmentation

Advantage

Air Cooled Compatible Handpiece

This device promotes patient comfort by directing cold air to the treatment area

Cryogen-based Dynamic Cooling Device Handpiece

Most Effective Hair Removal Technology Available...

The 755nm Alexandrite Laser provides permanent hair reduction for skin types 1 through 4. The system is based on alexandrite technology which is superior to other wavelengths in providing permanent results.

Faster Treatments - With an 18 mm spot size treatments are quick. The underarms can each be treated in less than 2 minutes.

There are no gels to apply and topical are normally not needed, saving even more time.

More Flexibility - The 755nm Alexandrite Laser also comes with an 8 mm spot size that allows more flexibility in the areas being treated, such as the nose and ears.

Multiple Applications - Also capable of treating pigmented lesions including sun and age spots, freckles, cafe-au-lait and melasma; and vascular lesions, such as leg veins.

More Comfort for Patients - The unique DCD cryogen cooling system offers safe and consistent cryogen spray protection for greater patient safety and comfort.

Additionally, this means there are no cooling gels to apply before the treatment.

hair removal

Advantage

- **755nm+1064nm Wavelength**

The best absorption peak of melanin wavelength, for all skin and all color hair removal.

- **Adjustable Spot Size**

The spot size can be adjusted by 6-20mm diameter, easy operation for large or small area.

- **Best Cooling System**

DCD cooling + Air cooling + Water cooling comfortable and painless.

- **Imported Optical Fiber**

The transmission of energy through optical fiber is more stable, ensure best treatment result.

- **Infrared Aiming Beam**

Make the treatment more accurate.

Screen	10 inch touch screen
handpiece spot size	6-20MM Spot size With Cold Air Cooling
wavelength	755nm and 1064nm
Cooling	liquid nitrogen cooling
power	4000W
Pulse Width	5-100ms

Support logo setting
 Support different languages setting
 Energy frequency pulse adjusted
 755nm and 1064 combined technology

Warranty & Training

1. Do you have any warranty? Yes, we have. 12 months warranty on host machine is given. 3 months free replacement warranty for handles, treatment heads, and parts.
2. How is your after-sale service?
 We have a professional technology supporting team for your timely services. You can get the help you need in time by telephone, webcam, online chat (Whatsapp, Facebook, Skype). Please contact us once the machine has any problem. Best service will be offered.
3. What certification do you have?
 All of our machines have the CE certification which ensures the quality and safety. Our machines are under strict quality management to ensure good quality. Because we fully understand that it will be a great trouble if machine have any problem
4. Will you teach how to use the machine?
 Yes, we can provide a complete user manual and usage video for instruction and application. And 24/7 online consultant service ensure you whatever problem and whenever you meet, you can solve easily. It is easy to operate by anyone with the instructions.
5. Why should you choose us?
 Powerful factory, giving the competitive price and best technology support 12-years' experience in producing beauty machine, strong R&D 1 years-warranty and 8/24 online after-sale service CE Certification, the key for you to legally use and sell the machine Diversity of customized service, strong OEM & ODM capability available.

Semi-Automatic PET Bottle Blowing Machine Bottle Making Machine Bottle Moulding Machine PET Bottle Making Machine is suitable for PET plastic containers and bottles in all shapes.
